

ADAM ABU SAAB

Junior Software Engineering Student

+966564723317 | adamsaab.me

Career Objective

An internship as a software engineer hopefully using a cross-platform development tool with a team to enhance my teamwork and broaden my experience.

Education

Bachelor of Science: Software Engineering, 2018 – 2023, King Fahd University of Petroleum & Engineering, Saudi Arabia.

Courses: OOP and Software Design, Web Development, Computer Networks, Principals of Artificial Intelligence, Database Systems, Software Testing, Software Project Management.

Computer Skills

Languages: Java, Python, JavaScript

Technologies: MySQL, Git, JavaFX, Scene Builder, JUnit, Wireshark.

Experience

Online Shop Maintenance - 07/2020 to 11/2020, JBW KSA

- Maintained an online **shopping website**.
 - Used dashboard to change website headers, colors, and content.
 - Contacted Customers and responded to their queries. And created discount codes.
- Designed advertisements for the store using Adobe Photoshop.
- Learned about selling and shipping.

Mobile Store Maintenance - 09/2015 to 11/2016, Najah Mobile Store

- Fixed smartphone **software** problems using different fixing methods.
- Worked as a salesperson.

Projects

Personal Website	Built a simple website to link my social accounts using HTML, CSS.
A.I Search Visualizer	Visualized some searching algorithms (DFS, BFS, A*, ...) using Python.
Restaurant Website	Built a food ordering website using HTML, CSS, JavaScript, MySQL.
Tic-Tac-Toe	A 2-Player Tic-Tac-Toe using Java and JavaFX.
